

**AMENDMENTS TO THE CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**LISTING OF CLAIMS:**

1. (Currently Amended) A method for acquiring a mobile phone cover, through the Internet, comprising:  
~~wherein the a customer himself (A) contacts the Internet~~ receiving a program,  
~~which is in digital form, of the a manufacturer (B) of mobile phone covers, and~~  
~~designs~~ designing at least one of the appearance, colours, logos, and texts of the a  
~~cover etc. on his a customer's data terminal, and then the customer transmits~~  
~~transmitting~~ the data concerning the appearance of the designed cover he has  
~~designed to the a manufacturer's file[[,]];~~  
~~i.e. order service, the cover using a manufacturer's program chooses the to~~  
~~choose a suitable manufacturing method and the steps (C, D, E, F) for achieving the~~  
~~appearance of the designed cover[[,]]; and~~  
~~sends~~ sending, after completion, the finished cover to the customer has  
~~designed to the latter for example by cash on delivery, and~~  
~~wherein the data concerning the designed cover is in digital form as well as~~  
~~information relied upon by the manufacturer's program to choose the manufacturing~~  
~~method and steps.~~

2. (Canceled)

3. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method and steps include the customer first chooses the choosing a  
basic surface of the cover, and then chooses the choosing a reprocessing methods  
method of elements added on top or as an extension of this choosing the basic  
surface.

4. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out on a plastic cover using a~~ painting technology.

5. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using a~~ vacuum evaporation technology.

6. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using an~~ electro-catalytic coating technology.

7. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using a~~ sheet metal technology.

8. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using a~~ pressure-moulding and a free-moulding technology.

9. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using a~~ spray-painting technology with high-precision resolution of ~~even~~ less than 0.1 mm.

10. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using a~~ laser engraving/dressing technology.

11. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses ~~appearance of the cover is carried out using a~~ mechanical engraving/milling technology.

12. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses appearance of the cover is provided with one or more pictures using hologram technology to provide one or more picture, either directly on the cover or on an "in mould" -film.

13. (Currently Amended) A method as claimed in claim 1, wherein the manufacturing method uses appearance of the cover is carried out using "in mould" -film technology, wherein the a picture is produced by a laser printer or a laser press.

14. (Currently Amended) A method as claimed in claim 1, wherein additions are made to the design appearance of the cover by adding external parts.

15. (Currently Amended) A method as claimed in claim 1, wherein the cover is coated with leather, ~~for example such that leather shaped to the desired form is fitted in the mould and injection moulding is performed, thus producing a plastic cover with leather coating.~~

16. (Previously Presented) A method as claimed in claim 15, wherein the leather cover is a separate part that is attached to the mobile phone.

17. (Currently Amended) A method as claimed in claim 1, ~~in which further comprising making the cover order is made by a credit card transaction~~, wherein the customer calls/sends contacts a mobile phone operator by at least one of calling and sending a text message by his mobile phone through a switching exchange ~~to the mobile phone operator, wherein the mobile phone operator who checks out and confirms the customer's creditworthiness of the customer towards the operator, wherein the mobile phone operator sends a code to the customer, who wherein the customer contacts by his a data terminal the manufacturer's program and enters the code he received, then and wherein the customer receives the a cover design program and is able to design the appearance of the cover, and the manufacturer manufactures the cover and mails it to the customer, and the charge is paid by credit card.~~

18. (New) A method as claimed in claim 15, wherein leather shaped to a desired form is fitted in a mould and injection moulding is performed to produce a plastic cover with leather coating.

19. (New) A method as claimed in claim 9, wherein the spray-painting technology is print heads.
